Description

An amazing Victorian chest of drawers. We are delighted to bring to you one of the finest examples of a rare Victorian (circa 1870) 6 deep descending drawer chest of drawers. This tall chest of drawers features a secret moulded top drawer and the finest flame grain book-matched Mahogany to all of the drawer fronts and edges. The chest of drawers also has its stunning bobbin turned pillars either side complete with a fall moulded plinth which all stands on its original 4 turned legs. This ornate tall Scottish chest of drawers is in an outstanding condition featuring its original beautiful French polished finish complete with its lovely lightly faded warm Mahogany colour. The chest also features fine quality original turned knobs with mother of pearl inlays to the centre and brass keyhole escutcheons in front of its original locks (no keys). The finely dovetailed drawers are in great condition, the drawers are smoothly operating and are clean inside. The chest has been restored in our workshop so is solid with no loose joints or wobbles and is free from woodworm. The drawers have had some of the drawer runners replaced and rebuilt as necessary so now have little to no wear...
