Description

A rare opportunity to purchase a matching pair of iconic French Art Deco Champagne buckets / wine coolers. These highly sought-after Champagne buckets were designed by Luc Lanel for Christofle, Paris. This "Vulcan" design was created by Luc Lanel for the transatlantic liner "Ile-de-France" in 1927. The underside is where the full marks can be found, which would date this pair to post-1935. Excellent condition, just back from our silversmith's having been professionally cleaned and polished.
