Description

I have only seen this Table model once before in 40 years, having an incredible architectural base. Each leg is like a column carved from solid Oak as is the whole table with a super thick 8.5 cm top. Made in France and dating to the early 1900s of excellent quality construction this table will be around for generations to come. We have bleached it for a lighter look and to bring out the beauty of the wood. In overall excellent original condition for the home.
