## Description

Antique silver Waltham pocket watch, 1898. The watch has a stem-winding movement, Waltham grade A.W.Co, which is working nicely. The movement is fully signed and the serial number 8092765 which dates it back to 1896. The movement was produced in a low production run of 19500 in total. The movement is protected by an inner hinged cover. The watch measures 50.6mm diameter excluding the winding stem and the loop. The case is silver and has Birmingham hallmarks for 1898 with the maker's mark for Alfred Bedford, the manager of the London branch of Waltham.. The case has light marking and a small bruise to the edge of the back but overall it is in nice condition for an 1890s piece. The case back is engine turned with a vacant cartouche to the centre. The glass lens has light marking from use but otherwise it is in nice condition. The white enamel dial is in nice condition. The watch has its original gold hands and a blued steel sub seconds hand. The watch will be sent in a new presentation box.
