Description

A very pretty and superior quality circular compact decorated in an art deco pattern of a pale eau de nil green square on a pink background. The compact has been decorated using the precise guilloche technique that produces an almost two-tone and three dimension effect. The beautiful colours have been skilfully graduated giving an ombre effect, fading to the palest pink and green towards the hinge. A particularly lovely compact for the collector. Hallmarked by the Birmingham Assay Office Birmingham 1942 with makers mark for Henry Clifford Davis. Condition: Slight discolouration at the very edge of the enamel around the compact. The mirror is in great condition. The powder holder is not present. Measurements: Diameter 6.8 cm Depth: 0.6 cm Weight: 50.97
