Item Reference: SA1037220

Date of manufacture: 1920

Description

A beautiful antique two stone diamond twist ring which tests as 18ct gold. The narrow gold band twists and broadens at the top curling into two cylindrical settings each set with a diamond. The diamonds are nicely matched and brilliant cut with lots of sparkle, which is enhanced by a white metal beaded detail surrounding the stones. This ring is in a particularly lovely shade of antique gold and its design is elegant and timeless. The band is inscribed inside 'JS & JK 20/10/18' which dates this to 1918 and the end of World War I. The ring is otherwise unmarked or hallmarked. A very attractive ring which could be an engagement ring or would make a wonderful romantic gift. Size: L 1/2 In superb antique condition. Measurements: Width across setting of diamonds: 7mm Depth of setting: 4 mm Weight: 2.06 grams Width of band at base 1.2 mm Weights and measurements are approximate.
