Description

A lovely pine cupboard dating from the late 19th / early 20th Century. It likely originates from the continent and has a drawer above two cupboard doors flanked by reeded columns and carved corbels. It has cast brass handles with matching escutcheons and comes with a working key for the cupboard. It has a shelved interior and stands on bun feet. It is in good condition and the pine has a nice mellow colour. It has been cleaned and has a smooth waxed finish, retaining its lovely aged patina. The interior is generally clean and tidy. There are some signs of age and use, some marks here and there and minor knocks but nothing detrimental. It displays very nicely and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Nationwide delivery available through our network of reliable couriers.
