Description

Royal House Antiques Royal House Antiques is delighted to offer for sale this stunning pair of fully restored early Victorian circa 1840 William Morris Wingback armchairs with hand carved Walnut Claw & Ball feet newly upholstered in William Morris Forest Linen upholstery which has been wonderfully pattern matched. Please note the delivery fee listed is just a guide, it covers within the M25 only for the UK and local Europe only for international, if you would like an accurate quote, please send me your postcode and I'll provide you with the exact price. These are pretty much the most quintessentially English wingback armchairs I have seen, they are oversized being much taller than normal with a higher, feather filled seat cushion, the legs are hand carved in Walnut depicting Claw & Balls, the upholstery is as mentioned brand new William Morris Forest Linen, it has been perfectly pattern matched from the bed rest, down to the seat cushion, to the front of the cushion and on to the front panel of the chair, even the piping on the cushion has been matched, the seat cushion is reversible so if the worst should ever happen and you stain one side, you can simply flip it over...
