Description

Royal House Antiques is delighted to offer for sale this stunning fully restored Victorian hand dyed cigar brown leather serpentine fronted Chesterfield club sofa with super rare high back and hand turned walnut legs. Please note the delivery fee listed is just a guide, it covers within the M25 only for the UK and local Europe only for international, if you would like an accurate quote, please send me your postcode and I'll provide you with the exact price. This sofa is as rare as they come, it's a period original Victorian which is rare in itself however being a serpentine curved front model it is as rare as hens' teeth, I've seen maybe two of these in all my years. It also has the higher Regency style back which again is not something you come across every day, the frame is in Walnut and the oversized turned legs are finished with period castors. It is Horsehair padded, the seat platform is coil sprung, the leather has been fully restored to include a wash back, it's then been hand dyed six times, then sealed waxed down and polished, it is better looking now than it has ever been and serve with new family well.
