Description

Antique 1926 Waltham full hunter pocket watch. The watch has a 15 jewel grade 620 stem-winding movement which is working nicely. The movement has nicely patterned plates, and is fully signed. The serial number 25,684,687 dates it back to 1926. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the gold plated Star model from the Dennison Watch Case Company, the main supplier of cases to Waltham UK. Overall, the case is in good condition with just the odd small mark and a small patch of slight unevenness to the back of the watch. The winding crown pushes in to open the front cover. Inside, there is a glass lens which is in good condition. The signed dial is in lovely condition with blued steel hands, a subsidiary seconds dial and outer minute markers. The watch comes in a new presentation box.
