Depth = 10.2 cm (4.0")

Description

A superb mid 17thc brass and iron warming pan....it is in excellent condition with a lid that is decorated with a central embossed flower and a border of punchwork leaves....the handle is decorated with two punchwork patterns....the rolled copper rivets are also a clue to its early age....this is one of the best warming pans I have purchased in a long time..! English. C1640-50.

Internal Ref: MS 7888
