Description

Antique Swiss silver pocket watch, 1924. The watch has a 15 jewel Swiss stem-winding movement which is working well. The movement is protected by an inner hinged cover which has some light surface scratching where it has been opened in the past. The watch measures 50mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside the two case backs for Glasgow (import mark), 1924 with an importer's mark for Meyer & Studeli. The case has mild bruising to the sides, and unevenness to the case back. The watch glass is in nice condition. The double sunk dial is in nice condition with blued steel Breguet style hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
