Description

Gents Audax wrist watch by Fortis. The watch has a Swiss 15-jewel hand-winding movement, signed Fortis, which is working nicely. The watch measures 22mm wide excluding the winding crown and 30mm high excluding the lugs. The case is chromium plated while the case back is stainless steel. The case is in good condition with just light surface marking, nothing too serious at all. The lens convex lens is in good condition. The dial is signed Audax, a brand name used by Fortis. It is in its original finish with original hands, a subsidiary seconds dial and outer minute markers. There is some marking to the dial but easy to read the time. A new leather strap has been fitted. The watch comes in a new presentation box.
