

SA1040673

Gents 1950s Primus wrist watch

Price

Sold**Item Reference: SA1040673****Date of manufacture: 1950**

Description

Gents 1950s Primus wrist watch. The watch has a 25-jewel automatic movement which is working nicely. The watch measures 32.5mm diameter excluding the winding crown and the lugs. The case is gold plated. The front has the odd small mark, nothing too serious. There is some wear to the plate on the back of the watch, by the winding crown. The screw-on case back is stainless steel. It states that the watch is waterproof but, as with any vintage watch, it should be kept away from water and moisture. The lens is in good condition (some reflection showing in the photos). The dial is signed Primus. It is in its original finish with original hands, seconds sweep and minute markers. A new leather strap has been fitted. The watch comes in a new presentation box.
