Description

1930s Swiss pocket watch and chain. The watch has a nice quality Swiss 17 jewel stem-winding movement with micro regulator which is working well. The watch measures 51mm diameter excluding the winding crown and the lugs. The case is nickel and was made by the Philadelphia Watch Case Company. The case has a screw on front and back, a nice sign of quality, and is in nice condition. The glass lens is in nice condition. The dial has an old repair / faint hairline cracks between 11 and 12 but otherwise is in nice condition with blued steel hands. The watch comes with a single graduated chain, 30cm long including the T-bar and the clasp. The watch and chain come in a new presentation box.
