Description

A beautiful pair of English Edwardian antique solid sterling silver serving spoons. They are hallmarked for Sheffield 1903 with the makers marks being CB&S. They have been superbly made with the bowls being of a shell form and have ornate pierced handles. They are not the largest serving spoons so were most likely designed for serving strawberries and other small fruit. They are in superb condition being free from dings splits distortions and repairs. They measure approx. 6.25 inches (15.7cm) long by 1.75 inches (4.5cm) wide and weigh 61 grams combined. A very pretty pair.
