Small antique silver Omega
pocket watch, 1914

Price

Sold

Item Reference: SA1041947

Date of manufacture: 1910

Description

Small antique silver Omega pocket watch, 1914. The watch has a Swiss stem-winding movement, identified as by Omega, which is working nicely. The Omega serial number of 4,593,152 dates it back to around 1914. The movement is protected by an inner hinged cover. The watch measures 35mm diameter excluding the winding stem and the loop (so smaller than a standard 50mm pocket watch). The case is silver and there are hallmarks inside both of the case backs for London (import mark), 1914 together with the SA mark for Selling Agency, watch importers, and also the early Omega mark. The case has a small "ding" to the bezel and some unevenness to the back. The glass lens has a few tiny nibbles around the edge. The dial is in lovely condition with original rose gold hands. The watch comes in a new presentation box.
