Superb Victorian snap top table / breakfast table beautifully made in rosewood. It's highly figured circular top is supported by a shape column with a tri form base with beautifully carved lion paws terminating on casters. It is in excellent condition with a quality brass catch mechanism which locks to offer a stable surface. The superb graining of the rosewood veneers suggest that this has been made by a cabinet maker of considerable skill. A gorgeous table not only practical for use but if you don't have much space it tilts and can be stored nicely in the corner of the room and with that striking top it will look absolutely stunning.
