

SA1042244

Antique Waltham pocket watch, 1907

Price

Sold**Item Reference: SA1042244****Date of manufacture: 1900**

Description

Antique Waltham pocket watch, 1907. The watch has a 17 jewel stem-winding movement, grade 825, which is working nicely. The movement is fully signed and it has the serial number 15,994,949 which dates it back to 1907. The watch measures 54mm diameter excluding the winding stem and the loop. The case is gold filled. It is in good condition with just some short light scratches to the back, nothing too detrimental. The glass lens has small marks across it, again not too detrimental at all. The signed dial looks good to the naked eye. If you look closely, there is a faint hairline between 4 and 5. The watch comes in a new presentation box.
