## Description

Gents Omega Geneve wrist watch, 1970. The watch has a calibre 601 17-jewel hand-winding movement which is working nicely. The movement is fully signed and the serial number 30,456,257 dates it back to 1970. The watch measures 34mm diameter excluding the winding crown and the lugs. The case is stainless steel and the front and sides are in lovely condition. The screw-on case back has some scratching where the back has been removed in the past. The inside of the case back has the Omega triangular stamp together with the case reference 135.070 which is correct for the calibre 601. The back of the watch has a 1971 inscription from Mars Ltd. Omega winding crown. The lens is in lovely condition. The signed dial is in its original finish with original hands and centre seconds hand. There is a little marking to the dial if viewed very closely. A new leather strap has been fitted. The watch comes in a new presentation box.
