Description

A fantastic original antique William IV period mahogany occasional table. This was made in England, it dates from around the 1830-1840 period. It is of amazing quality, with a very strong and gutsy design. The central column base has beautiful carving and sits on three legs which are also beautifully carved. The circular top is a great size and has a lovely moulded edge. We have had this re-polished to a very high standard, it is in excellent condition for its age. There are some minor bumps and marks remaining beneath the polish, commensurate for age. Overall this has a gorgeous colour tone and stunning patina. Width – 26 inches , 66 cm Depth – 26 inches , 66 cm Height – 29 inches , 74 cm
