Description

A fabulous set of four 19th Century brass church candlesticks in the Gothic revival style. Manufactured around 1860-1880, these candlesticks are heavy and finely cast with floral decoration and what appear to be roses of York/Lancaster applied to the bottom and top rims. On one candlestick there are a couple missing which isn't at all obvious. Each one weighs 2.5kg and they look spectacular when displayed. We can deliver free of charge in UK mainland and can calculate the cost for international delivery. Payment by bank transfer, PayPal or card via telephone
