Description

Antique 1920s half hunter pocket watch. The watch has a Swiss 15-jewel stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the gold plated Star model from the Birmingham watch case maker, the Dennison Watch Case Company. The case is in good condition, just a small mark to the edge of the case back, and general light surface marks. The winding crown pushes in to open the front cover. Inside, there is an acrylic lens which is in good condition (some reflection showing in the photo). The dial is in lovely condition with original blued steel hands, a subsidiary seconds dial and outer minute markers. The watch has the special half hunter hour hand so that the time can be read when the front cover is closed. The watch comes in a new presentation box.
