Description

Size: 14ft 4in x 3ft 4in (438 x 102cm). Antique South Caucasian or Kurdish runner of superb design and colour. Circa 1920. A very good runner with linked octagonal medallions, very similar in design to the well known Caucasian 'Surahani' garden design rugs from the Shirvan Baku region. The design represents the classical garden layout with flowers and water courses. The runner has a soft warm colour palette and is framed with a traditional Caucasian border on a light indigo blue ground. The runner is in excellent condition with very slight even wear and full pile. Please note that as with many Kurdish village weavings this runner has a very slight curve along its length as can be seen in the main image. Hand washed and ready for use or display. The runner is suitable for heavy domestic use. A very good furnishing runner. Stock Number: R-2672.

Internal Ref: R-2672
