Description

This is an excellent solid oak Edwardian swivel chair which was repolished to a high standard approximately 10 years ago. It now presents itself looking really well. The chair itself has rise and fall mechanics as well as swivel and tilt. Designwise it is very shapely, with a bowed spindle back. When previously restored the polisher has painted the metal brackets with a copper paint which gives it a really good and different look. All good to go and enjoy.
