Description

A wonderful extra-large example of a solid silver antique crescent brooch set with beautiful sparkling old-cut pastes. Marked "935" - a silver fineness higher than sterling silver (925). We most often see 935 on vintage pieces from Germany, Austria and Switzerland. The brooch is in excellent antique condition and fastens with a typical C clasp. Size: Approximately 10.3cm tip to tip (just over four inches) and 6mm wide at the centre. The pastes range in size from approx 1mm to 10mm. Weight: 12.3g. FREE INTERNATIONAL SHIPPING!
