Description

Gents 1960s Tissot Seastar Seven wrist watch. The watch has a Swiss hand-winding movement which is working nicely. The watch measures 29mm wide excluding the winding crown and 30mm high excluding the lugs. The case is chromium plated while the case back is stainless. Light surface marking but overall very acceptable. The lens is in lovely condition. The signed dial is in its original finish with original hands and centre seconds hand. The watch comes on a stainless steel bracelet which currently fits an 18cm wrist, although there is room on the clasp to make it about 1.5cm smaller. The watch comes in a new presentation box.
