Antique silver Omega pocket watch, 1905

Price

Sold

Item Reference: SA1046888

Date of manufacture: 1900

Description

Antique silver Omega pocket watch, 1905. The watch has a stem-winding movement by Omega which is working nicely. The early Omega logo and serial number 2370521 are under the dial, dating it back to 1905. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is 935 silver and there are Continental hallmarks inside both of the case backs, together with the early Omega logo inside the back cover. The case has a couple of small marks, and some fairly gentle unevenness to the case back. The watch glass has small marks across it but is very acceptable. The dial has been left for the original retailer to add their details. The dial is in lovely condition with blued steel hands, a subsidiary seconds dial and outer minute markers. The watch comes in a new presentation box.
