Description

An impressive statement ring featuring a natural, unheated Ceylon purple sapphire. The glowing centre stone – fully certified – is rubover set in milgrained white gold and surrounded by two rows of incredibly white, incredibly bright, incredibly clean round brilliant cut diamonds – the inner row featuring 16 stones, the outer set with 24. The beautiful vented under-gallery allows maximum light to pass through the gems. A bold beauty. The ring has been retrofitted with a hinged shank, designed to go over inflamed knuckles. The band can be replaced with something more orthodox if you prefer. Accompanied by a report from Gemmological Certification Services (GCS) stating the sapphire shows no indication of heating, and is Sri Lankan (Ceylon) in origin. Cut – Cushion cut sapphire and round brilliant cut diamonds. Colour – The diamonds are E to F. Clarity – The sapphire is eye clean. The diamonds are VS1 to VS2. Carat – The sapphire is approximately 2.80 carat. The total approximate diamond weight is 1.60 carat. Size – U (UK) or 10 1/4 (US). The current band cannot be sized, so if you need the ring altered we would replace the shank entirely. This would be included in the price.
