Description

A stunning Italian Baroque style candlestick, beautifully carved and profusely inlaid with mirrored glass. Over the years the gilding has achieved a wonderful patina. The lamp stands on a circular base and is raised on ball feet. There is a small chip to the stem just below the bulb fitting, this is hardly visible and in no way detracts from the appeal of this superb lamp. Converted to a table lamp, it has been professionally wired with traditional twisted flex and is PAT tested. A very unusual table lamp to add classical style to any room. Shade not included. c. 1820
