Gents Le Phare automatic wrist watch

Price

Sold**Item Reference: SA1047480****Date of manufacture: 1950**

Description

Gents Le Phare automatic wrist watch. The watch has a 25-jewel automatic movement which is working nicely. The watch measures 32.5mm diameter excluding the winding crown and the lugs. The case is gold plated, there is some rubbing if you look quite closely. The stainless steel screw-on case back states that the watch is waterproof but, as with any vintage watch, it should be kept away from water and moisture. The back of the watch has a former owner's initials. The lens is in good condition. The signed dial is in its original finish with original hands, centre seconds hand with red pointer end and outer minute markers. A new leather strap has been fitted. The watch comes in a new presentation box.
