Description

A superb mahogany cupboard dating from the mid to late 19th Century. It has a nicely panelled cupboard door with beautifully figured mahogany fronts. This opens to a simple shelved interior with three large shelves. It is an excellent quality piece with a nicely shaped overhanging cornice, a plinth base and it comes with its original working key. It is in excellent condition and the colour and grain of the wood is superb. The interior is generally clean and tidy. There are of course signs of age and use, small knocks and marks, some wear to the finish in places and some marks and light surface scratches on the top but no major damages or anything untoward. It has been cleaned and gently polished and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
