Description

A superb pair of antique figured walnut bedside cabinets. They were made in England, and they date from around the 1920's. They are of fine quality and are a very useful size. The walnut is beautifully figured with stunning grain patterns and a lovely colour tone. They sit on short cabriole legs with shell carving at the knees, the front edges are canted and they have raised back galleries. There is plenty of storage space inside the cabinets and drawers, which have lovely pierced brass handles. We have had these recently stripped and re-polished, the condition is excellent for their age. Width – 16 inches , 41 cm Depth – 16 inches , 41 cm Height – 29 inches , 73 cm
