Description

A smart and very well made antique figured walnut side table. This was made in England, it dates from around the 1910-1920 period. It is of fine quality and is a useful size, easily placed in various settings around the home. The finely tapered legs terminate in spade feet and have an H shaped stretcher for stability. There are two drawers in the top and the back edge has a raised gallery. The figured walnut grain patterns are very striking throughout. We have had this recently stripped and re-polished, the condition is excellent for its age. Width – 32 inches , 80 cm Depth – 14 inches , 35 cm Height – 29 inches , 73 cm
