Sold**Item Reference: SA1049309****Date of manufacture: Victorian**

Description

A nice example of an original Stereoscopic Viewer dating from the late 19th / early 20th Century. It has a turned wooden handle and wooden eyepiece and an adjustable card holder which can be moved backwards and forwards into focus. It comes with a selection of 12 original cards of various subjects. It is in good condition for its age and works as it should. There are of course signs of age and use and a small chip around the edge of the eye piece but no major damages and overall it displays well. Some of the cards are a little worn but all still usable. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £10
