Description

A superb bank of drawers dating from the late 19th / early 20th Century. They are likely to have been used in a workshop or shop and have developed the most wonderful patina showing years of use. There are 12 drawers in total, each with a small brass pull handle. It is a well made piece made from mahogany with pine sides and beautifully cut dove tail joints. Each drawer has been lined with a green baize. It is in good original condition and displays well. The drawers are generally clean and tidy and it is certainly a very usable piece. There are various knocks and marks and signs of age and use but no major damages and it has developed a lovely patina. It has been lightly cleaned and polished and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £40
