Item Reference: SA1049725

Date of manufacture: 19th Century

Description

Beautiful black cloisonné enamel candlesticks with hand hammered body and vertical seam. The bottom is also hammered. This is typical for the early 19th century pieces. After 1925 the bodies were made in one piece and of forced sheet metal. Extremely fine cloisonné featuring elegant floral motifs on a foliate spiral ground and framed by traditional bands of ruyi heads and plantain leaves. Height 13 cm Condition is very good - no visible defects. Please carefully regard all photos. The item will be shipped with full tracking and insurance.
