Description

The straight grain and rich color of the cherry tree made it a desirable wood for constructing luxury furniture during the 18th century. This beautiful example is our period commode, which was hand-carved in France in c1750. The colour is amazing with a shaped top, decorated side panels, and three deep drawers. Also lovely shaped front feet. The handles and escutcheons are beautiful and original. The cherrywood commode will make a strong impression on any bedroom in which it is placed. Good antique condition, with wear commensurate to age and use, including minor nicks, rubs, and age separations. 131cm wide 70cm deep 83cm high
