Description

A lovely stripped pine cupboard dating from the late 19th / early 20th Century. It has a single panelled door with a turned wooden knob which opens to a shelved interior. It stands on a simple plinth base and has a metal latch for securing the door. It is a nice small size and works well on the floor or it could be used as wall mounted. It is in good condition and the pine has a nice warm colour. It has been cleaned and has a smooth waxed finish, retaining its lovely aged patina. The interior is generally clean and tidy. There are some signs of age and use, some marks here and there and some old repairs but nothing detrimental. It displays very nicely and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Nationwide delivery available through our network of reliable couriers.
