Dimensions

Height = 14 cm (5.5")

Width = 28 cm (11.0")

Depth = 27 cm (10.6")

Description

A good example of a genuine antique Sextant dating from the early to mid 20th Century. The frame of the sextant is black and it has a silvered and brass scale reading to 150 degrees. It comes with original telescope lens, sunshades, mirrors and movable scale reader arm. It also has extra lenses and a dark end lens. The scale is engraved with the name ; "Dobbie McInnes & Clyde Ltd. Glasgow" and inside the lid of the box is an examination notice from Kelvin & Hughes Limited dated 1958 which would have been checked while the sextant was already in use. The sextant comes in its original fitted wooden case with sections to hold the lenses and accessories. It has two brass closing latches, a carrying handle and it comes with its original key. The sextant is in good condition for its age. It has been lightly cleaned and displays very well. The lens and mirrors are undamaged and produce a clear image with the original sighting lines. All parts move as they should. There is some tarnishing and wear on the finish in places but overall it displays well. The box is not without some small knocks, splits and some minor signs of age but overall it has a nice aged patina. I have not tes...
