## Description

~ French - Circa 1870 ~ ~~ Excellent condition, fully overhauled ~~ A beautiful original antique French clock, modelled in the Baroque style in gilt bronze. It is of architectural form with an applied motif of flowers, scrolls and cornucopia. Scrolling brackets are mounted to the sides and an urn with mythical creatures sits on the top. Above the dial is a goddess mask. The dial is also gilt bronze with 12 individual enamel cartouches and finely cut blued steel hands. The bezel is fitted with convex glass. The rear door is also glazed to allow the movement to be seen running, for example if the clock were to be placed in front of a mirror. The French movement is of high quality and is in excellent clean and running condition having been fully overhauled by our clockmaker. Pendulum is a replacement. It runs for 8 days and strikes the hours and halves on a bell. We have a video of the clock, please ask and we will send you a link or paste this into your browser:
