Description

Antique Indian ornately decorated wooden container * Indian circa 1900 * Ornate and exquisite hand paint decoration * Very good solid original condition * Octagonal sides depicting vibrantly coloured images * In lovely condition and retaining the original vibrant colour scheme * H: 31cm (12.2") Di: 30cm (11.8") I've been experimenting with 'Dopamine Décor' recently and on dreary days it does make a difference and this little piece has charmed me completely! This cheerful turn of the century hand decorated Indian wooden vintage waste basket or potted plant container circa 1900 is in very good solid all original condition with a great naturally time worn look that is so pleasing to the eye. The octagonal sides are painted with a combination of scenes, some depicting stylised floral arrangements and others of Asian female dancers in traditional dress and the colours are still very vibrant.
