Description

Secessionist silver, enamel + coral clip in the style of the Wiener Werkstatte, post 1922. This beautifully made clip resembles very strongly the work of the Wiener Werkstatte and specifically Josef Hoffmann. Unfortunately I have not been able to identify the silver smiths and for now it remains anonymous. Marks: stamped marks
Dimensions: 1¼ x ¾ inches (3.5 x 1.7 cm) Condition: excellent

Internal Ref: (gm3584)
