Description

If you're looking for something special which exudes both quality and style then look no further. This high end French Art Deco bed was made in the 1930s and screams everything about Art Deco that us admirers love. It's streamline, modern and originates from France and was sourced from just outside Paris from a private home. Bought as part of a matching set which was custom-made for a private house hold back in the 1930s, this piece is fresh to the market and has only ever had one owner. Although this bed has been lovingly looked after since first purchased we've also had it professionally and fully restored. The striking blonde figured Fiddleback Anigre wood veneers set against the beautifully contrasting ebonized edging makes this an easily integrated piece to both the modern and period bedroom setting. These types of beds really don't offer themselves onto the market very often, just take a quick search across the net to see for yourself. Comes with custom made slatted base, all you need is the mattress and you're ready to go. Offered with FREE UK mainland two man delivery (excludes remote parts of Scotland, Wales)
