Description

A good example of a three tier spoon or egg rack dating from the early 20th century. It is a good quality piece made from oak with three stepped levels. It can be used freestanding or it has a raised gallery with a hole for wall hanging. The oak has a lovely mellow colour and it is in good condition for its age. There are minor signs of age and use, some small knocks and marks but no major damages and it displays well. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £15
