Description

A super quality set of six large Chinese or Japanese antique solid sterling silver buttons. They are all unmarked and test as high grade silver. I would date them to c1900. They have been beautifully made being cast with a flower design. They are all in superb condition being free from dings splits holes and repairs. They are a decent size measuring approx. 1.25 inches (3.2cm) across and have a combined weight of 44 grams. A super quality rare set.
