Description

Well proportioned Victorian mahogany kneehole pedestal desk with a green leather top, circa 1880 and in good condition. Consistent colour tone throughout and the green leather works well with the mahogany, the drawers finished with turned wooden knobs of a slightly darker tone so they contrast nicely with the mahogany. The desk has nine drawers, all running smoothly. The desk top section lifts away from the two pedestals so it is very easy to move / deliver! Measuring: H:28.5" / 72.5cm W47.5" / 121cm D:24" / 61cm
