Antique Waltham Traveler full hunter pocket watch

Price

Sold**Item Reference: SA1051793****Date of manufacture: 1910**

Description

The watch has a seven jewel stem-winding movement which is working nicely. The movement is fully signed and it has the serial number 19,478,317 which dates it back to 1913. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is 14k gold filled and was made by the Dennison Watch Case Company, supplier to Waltham UK. The case has minor marking and a little hint of unevenness but overall very acceptable. The winding crown pushes in to open the front cover. Inside, there is a glass lens which is in good condition (some reflection showing in the photos). The dial is in good condition too with blue steel hands, a subsidiary seconds dial and outer minute markers. The watch comes in a new presentation box.
