Description

Fine pair of late 19th century framed portrait miniatures, c1880. In their original wood frames with brass hanging rings, they appear to be reverse painted on glass, but I am not sure? One depicts Empress Eugenie in a beautiful Victorian gown and the other Napoleon and it is inscribed in gold script Napoleon 1846. On the rear of the Napoleon picture someone has hand written an inscription "Henry ? (surname illegible) to dear Ma 1903". They are both in good original antique condition with minor marks in line with age and use and exactly as you would expect from examples of this age. Please refer to the detailed photographs and feel free to contact me if you would like to view the item or have any questions.
