## Description

A fabulous and fancy vintage diamond engagement ring. The centre stone is a distinctive copper hue, the colour of which is emphasised by the yellow gold coronet collet in which it sits. The slim, polished shank is crafted in platinum. A beautiful ring crafted the opposite way to most rings of this era; commonly, the main part of the ring would be crafted in yellow gold, with a white diamond set in a platinum collet whereas this is the other way around. Accompanied by an independent jewellery report from IGR (#30310573). Cut – Old European cut. Colour – Fancy yellowish brown. Clarity – VS2. Carat – 0.54. Circa – 1930. Size – L (UK) or 5.5 (US). Complimentary sizing is available, can be sized up or down. Measurements – The centre is approximately 5.25mm in diameter and sits 5.6mm from the finger. Weight – 2.47 grams. Metal – The diamond is set in 18k yellow gold. The rest of the ring is platinum. Tested.
